SUMMARY

Passionate Electronics and Communication Engineering student with experience developing innovative software and AI-driven solutions. Enjoy solving real-world problems through technology and continuously expanding my skills in intelligent systems, application development, and emerging technologies.

WORK EXPERINCE

App Development Intern

[ORIGEN – Where Future Begins, Chennai](#)

May 2026 – Aug 2026

- Developed a Flutter-based mobile ticket booking application for movies, events and metro services.
- Implemented reusable UI, navigation, seat selection, booking confirmation, and QR-code digital tickets.
- Contributed to application architecture, state management, user profiles, offers, metro route features, and ticket analytics.
- Collaborated in an Agile development environment to deliver scalable features.

Python Web Development Intern

[Pantech eLearning, Chennai](#)

Apr 2025 – May 2025

- Developed responsive web applications using HTML, CSS, and JavaScript.
- Assisted in backend development using Python and REST API integration.
- Debugged and tested applications to ensure stability and smooth deployment.
- Collaborated in an Agile environment with version control (Git).

PROJECTS

Intelligent Meeting Automation System with Task Integration (Jira)

- Developed system to generate MoM, key insights, and action items from meeting audio/text.
- Implemented speech-to-text and LLM-based summarization (LLaMA via Ollama).
- Integrated Jira automation for task tracking and workflow management.
- Built end-to-end pipeline with report generation (PDF/Word) and notifications(Gmail).

Smart Energy Management System using ML&IoT (Forecasting & Dynamic Pricing Control)

- Developed LSTM model to predict next-hour electricity demand.
- Implemented IoT-based real-time monitoring and automated energy.
- Control Designed dynamic pricing strategy based on consumption patterns.
- Aligned with SDG 7, SDG 9 , SDG 11.
- Tech: Python, Machine Learning, IoT, Power Electronics.

Food Bridge – Food Redistribution App

- Developed Flutter app connecting food donors with Ngo's.
- Integrated ML model for demand prediction.
- Tech: Flutter, Dart.

MY Tickets - Multi-Service Ticket Booking Application

- Developed a Flutter app for movie, event, and metro ticket booking.
- Implemented seat selection, checkout, booking confirmation, and QR-code digital tickets .
- Added metro station search, route support, user profiles, offers, and ticket analytics .
- Tech: Flutter, Dart, Riverpod, GoRouter, Google Maps, QR Flutter.

Life Line- Intelligent Telemedicine System and Doctor Recommendation

- Developed an telemedicine application for doctor recommendation based on patient symptoms.
- Implemented patient registration, symptom analysis, and secure medical record management.
- Integrated video consultation, e-prescription, and online medicine ordering features.
- Built a user-friendly platform to improve healthcare accessibility using AI and IoT technologies.

EDUCATION

Bachelor of Engineering in Electronics and Communication Engineering

S.A. Engineering College, Chennai

CGPA: 7.5

Higher Secondary Certificate (Class XII)

Kalashetra Matric Higher Secondary School, Chennai

67%

TECHNICAL SKILLS

Programming Languages	Java,Dart,Python
AI & Machine Learning	Model Training,Data Analysis,Algorithms,Data Processing
Frameworks & Tools	Flutter, REST APIs, Git, Collab,Claud,Manus
Databases	PostgreSQL, MySQL
Languages	English, Tamil, Japanese (JLPT N5)

CERTIFICATIONS

AWS Skill Builder - Successfully completed 16+ certification courses covering Cloud Computing, Artificial Intelligence, Machine Learning, Generative AI, Security, and Data Analytics.

ACHIEVEMENTS

- 1st Prize** – 24-Hour National Level Hackathon, **K. Ramakrishnan College.**
- 1st Prize** – Project Expo, Department of ECE, **S.A. Engineering College.**
- 1st Prize** – Internal Hackathon, **S.A. Engineering College.**
- 2nd Prize** – National Level 36-Hour Hackathon, **New Prince .**
- 2nd Prize** – 24-Hour Hackathon GENESYS, **SRM Ramapuram.**
- 3rd Prize** – 24-Hour Hackathon, **Agni College of Technology.**
